Misery follows successful romance novelist Paul Sheldon, who is rescued from a car crash by his "number one fan," Annie Wilkes, and wakes up captive in her secluded home. While Paul is convalescing, Annie reads his latest book and becomes enraged when she discovers the author has killed off her favorite character, *Misery* Chastain. Annie forces Paul to write a new *Misery* novel, and he quickly realizes Annie has no intention of letting him go anywhere. The irate Annie has Paul writing as if his life depends on it, and it does.
